- Pens for Kids International - www.pensforkids.com - a 501(c)(3) non-profit organization based in California, USA
- Pens for Kids Denmark - www.pensforkids.dk - currently an informal charity project which can not accept cash donations - only pens.
The two organizations work closely together, but are legally independent. Pens for Kids is free of any political or religious influence, motives or economic or any other interests other than helping kids in Africa to get an education. It is based exclusively on voluntary work, and has no employees in the legal sense.

- Pens for Kids er:
- Pens for Kids International - www.pensforkids.com - en velgørende organisation registreret i Californien, USA.
- Pens for Kids Danmark - www.pensforkids.dk - indtil videre et uformelt velgørende projekt som ikke modtager pengegaver - kun skrivebeskæftninger.
De to organisationer arbejder tæt sammen, men er i lovens forstand uafhængige af hinanden. Pens for Kids er fri for politisk eller religiøs indflydelse og motiver samt økonomiske eller andre interesser ud over at hjælpe børn i Afrika til en uddannelse. Pens for Kids er fuldstændigt baseret på frivilligt arbejde og har ingen ansatte i lovens forstand.

The Pens for Kids project works like this:
- We collect (new and used) pens from friends, colleagues, family and who ever donates them, and send them to our contacts in Africa - the so-called Pens for Kids Ambassadors.
- Any pens sent to us from other countries we forward to our contacts at our own expense - however, if the donor lives closer to Africa than we do, we kindly ask that the pens be sent directly to Africa instead, if it makes no difference to the donor. You are welcome to send pens directly to the ambassadors - you can find their addresses on the back of this folder, and on our websites.
- Our contacts in Africa distribute the pens to underprivileged children in their local areas at no charge.

Pens for Kids projektet fungerer sådan:
- Vi indsamler (nye og brugte) kuglepennene fra venner, kolleger, familie eller hvem der nu donerer dem og sender dem til vore kontakter i Afrika - de såkaldte Pens for Kids Ambassadors.
- Kuglepennen der sendes til os sender vi videre for egen regning - men vi opfordrer naturligvis til at donorerne sparer os for noget porto hvis de selv bor nærmere Afrika end vi gør. Send gerne kuglepennene direkte til ambassadørerne - deres adresser kan findes på bagsiden af denne folder, eller på vores hjemmeside.
- Vore kontakter i Afrika uddeler gratis kuglepennene til fattige børn i deres lokalområde.
